THE PROBLEM

# A gap no one has systematically closed.

**01**

## **Children without systems**

Millions of orphaned children in Nigeria face limited education, inadequate healthcare, social stigma, and near-zero access to mentorship or opportunity.

**02**

## **Orphanages without infrastructure**

Most registered homes operate in isolation — underfunded, under-resourced, and invisible to potential partners and institutions.

**03**

## **Goodwill without channels**

Individuals and organisations want to help but lack trusted, verified, and accountable pathways to direct their support effectively.

NextGEM exists to bridge this gap — with structure, accountability, and measurable impact.

WHO WE ARE

# NextGEM Foundation

A structured social impact organisation providing education, mentorship, welfare support, and talent platforms for orphaned children in Nigeria.

**We work directly with legally registered orphanage homes and verified stakeholders to deliver accountable, measurable impact.**

WHY PARTNER WITH NEXTGEM

## Structure. Impact. Credibility.

### Structured Accountability

Programme documentation, impact reports, beneficiary updates, and event coverage delivered to every partner.

### Verified Partnerships

We operate exclusively with legally registered orphanage homes and verified community stakeholders.

### Government Engagement

Active relationships with Bayelsa State ministries, local authorities, and institutional partners. With plans to expand in other states.

### Measurable Impact

Quarterly reporting, child-level tracking, and programme KPIs give partners full visibility of outcomes.

### Brand & CSR Visibility

Media coverage, event branding, social recognition, and named programme opportunities align with CSR mandates.

### SDG Aligned /Global Relevance

Contributes to SDG 3, 4, 10, and 17 — directly supporting Good Health, Quality Education, Reduced Inequalities, and Partnerships.

## PARTNERSHIP OPPORTUNITIES

# There is a place for your organisation.

Partnerships with NextGem are long-term, structured, and built around what your organisation does best. Every partner has a named role, clear deliverables, and receives regular impact reporting.

### FINANCIAL PARTNER

#### **Fund a Programme**

A company funds the annual Orphanage Games, school fees for a cohort, or a year-long digital skills programme — with full financial reporting and named programme rights.

### SKILLS & CAREER PARTNER

#### **Open Doors for Orphans**

A firm creates a dedicated internship, industrial training, or apprenticeship pathway for children from NextGem partner homes — building a real talent pipeline with us.

### VOLUNTEER PROGRAMME PARTNER

#### **Deploy Your People**

A church, NYSC chapter, or organisation creates a structured volunteer unit — regular, scheduled, and co-managed with NextGem — bringing consistent skilled presence into our homes.

### IN-KIND & SERVICE PARTNER

#### **Give What You Do Best**

A healthcare provider offers quarterly medical outreach. A tech company donates equipment. A media company provides coverage. Every contribution is documented, attributed, and reported.

WHAT EVERY PARTNER RECEIVES

# We hold ourselves accountable to you.

Long-term partnerships only work when both sides know exactly what they've agreed to. Every NextGem partner, regardless of the type of contribution, receives:

**01**

## **Named Partnership Recognition**

Your organisation is credited by name in every report, event, and communication related to your programme area.

**02**

## **Formal Partnership Agreement**

A signed MOU outlining what we both commit to — timelines, deliverables, reporting schedule, and renewal terms.

**03**

## **Quarterly Impact Report**

Documented evidence of what your contribution achieved — child-level data, programme outcomes, and financial accountability.

**04**

## **Annual Review Meeting**

A scheduled meeting every year to assess impact, renew or expand the partnership, and plan the next phase together.

**05**

## **Media & Public Attribution**

Social media features, event branding, press mentions, and the annual report all include your organisation's contribution.

**06**

## **Direct Access to Programme Leads**

You will always have a named NextGem contact responsible for your partnership — not a generic inbox.

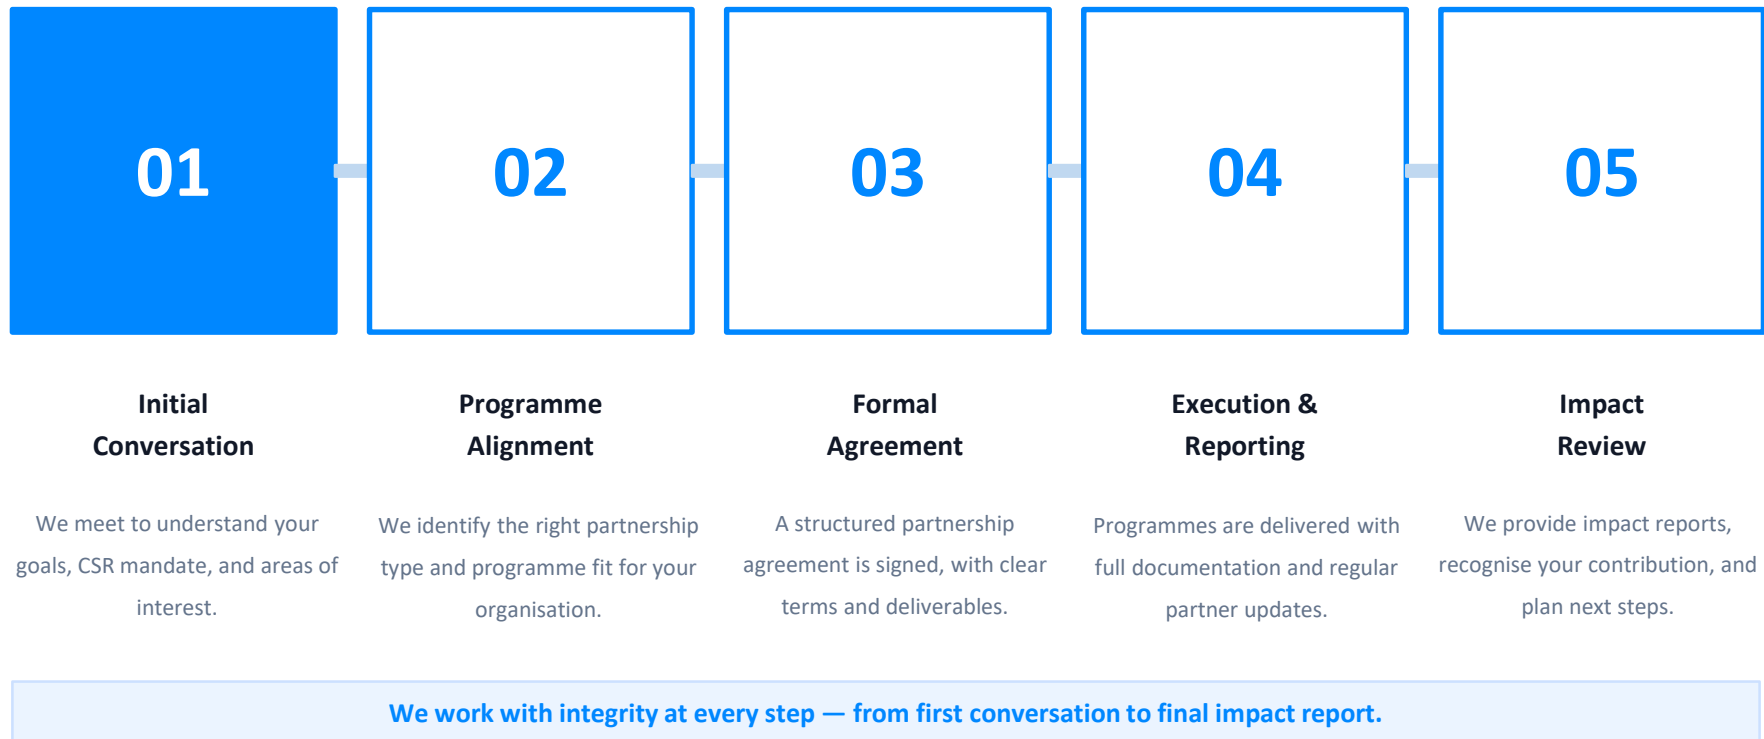

PARTNERSHIP PROCESS

## The smooth road to partnership

We work with integrity at every step — from first conversation to final impact report.

# A simple, structured path to impact.

# Built for trust. Aligned to global standards.

## Child Protection Standards

All programmes operate under ethical child safeguarding principles.

## Financial Accountability

Transparent fund management with partner reporting at every tier.

## Verified Partner Orphanages

We work exclusively with legally registered homes and vetted stakeholders.

## Structured Oversight

Documented processes across all operational areas ensure consistency.

## United Nations SDG Alignment

## OUR VISION

# Nigeria's most trusted orphan-support ecosystem.

We are building an ecosystem. The human development pipeline for orphaned children across Nigeria.

### Our 5 year goals (2026-2031) includes:

- Establish Active Partnerships in 3 States by 2028
- Run All Three Spotlight Events Annually by 2029
- Launch a Digital Skills Pipeline for Children by 2029
- Build a Volunteer Network Across 5 States by 2030
- Become Nigeria's Most Complete Orphanage Directory by 2031
